

April 2019

Tall Trees Homeowner

Huntingdon Valley, PA 19006

Re: **Tree/Shrub Pruning and Flower Bed Maintenance Request**

Please complete and return the form ASAP

Tree Pruning

PLEASE NOTE: The only trees the Homeowners' Association will prune are those that may damage roofs, or building structures. All other tree pruning is the responsibility of the owner.

___ **Yes**, prune the trees on my property

___ **Do Not**, prune the trees on my property

Shrub Pruning

___ **Yes**, prune the shrubs on my property

___ **Do Not** prune the shrubs on my property

Flower Bed Maintenance

PLEASE NOTE: Flower bed maintenance occurs during the entire landscaping season and is weather dependent. I would like to emphasize the following: 1. Flower bed maintenance is subjective. 2. This service would be provided by landscapers, not gardeners. If your bed plans are unique or require special attention, please consider hiring a private gardener. Annuals planted by the owner will be removed by the landscaper in the Fall.

___ **Yes**, maintain the flower beds on my property

___ **Do Not** maintain the flower beds on my property

Please list special instructions below:

Name: _____

Address: _____

**** Please note – All homeowners are responsible to return a filled out form each year. Tall Trees will not be responsible for Pruning or Bed work done in error, if a signed form has not been submitted defining approval or disapproval of these services). These forms are provided to avoid issues that have arisen in the past due to verbal instructions or changes in landscaping or tree personnel.****
